

District 7690 PolioPlus Promise Guide

Poliomyelitis is a highly infectious disease that most commonly affects children under the age of 5. Most know it as poliovirus. The virus is spread person to person, typically through contaminated water. It can attack the nervous system, and in some instances, lead to paralysis.

Although there is no cure, there is a safe and effective vaccine – one which Rotary and our partners use to immunize over 2.5 billion children worldwide.

Rotary members have contributed more than \$2.1 billion and countless volunteer hours to protect nearly 3 billion children in 122 countries from this paralyzing disease. Rotary's advocacy efforts have played a role in decisions by governments to contribute more than \$10 billion to the effort.

Today, polio remains endemic only in Afghanistan and Pakistan. But it's crucial to continue working to keep other countries polio-free. If all eradication efforts stopped today, within 10 years, polio could paralyze as many as 200,000 children each year. Afghanistan and Pakistan ended 2021 with only 2 cases each of wild polio virus. Finally, we are on the cusp of eradicating wild polio from the world.

This presents District 7690 Rotarians with the unique opportunity to participate in the global end game of polio eradication by participating in our District wide Polio Plus Promise initiative. This initiative is simply a pledge to contribute \$100 per year until polio is eradicated from the world. Each Rotarian who commits to this promise will be provided with a special PolioPlus Promise certificate and a special US mint coin that celebrates the year that the polio vaccine was discovered.

I urge you to act now through PolioPlus Promise to End Polio Now.

WE'VE COME SO FAR ... LET'S FINISH THIS!

CREATE LASTING IMPACT

District 7690 Polio Plus Promise

Subject: My Personal Commitment

As a Rotarian, I recognize my personal privilege and responsibility to share in Rotary's effort to stampout polio worldwide.

I hereby commit, by signing below, to make a donation of \$100 or more to the PolioPlus program of The Rotary Foundation every year until polio is eradicated.

As such, I will become a member of the District 7690 "Polio Plus Promise."

Until the last child is immunized, polio is just a plane ride away from me, my friends and my family.

Club Instructions for Handling Donations

Annual Contribution Options

For your members that have signed the PolioPlus Promise pledge form, each year they will submit their contributions to the club, or they may opt to go online themselves and Donate. Some clubs have chosen to bill their members that have signed this pledge. It is ultimately up to the member to make this contribution each year. We keep reminders in the newsletters each month, and occasionally send email reminders about making their annual contributions. We do not bill the members directly.

Reporting PolioPlus Promise contributions to the District

We are keeping a record of who's signed the pledge to contribute \$100 each year. Please be sure to send either your PDF from your club's contribution form or have the member send us their email confirmation of their online donation.

We do not need records of Polio contributions unrelated to the PolioPlus Promise campaign.
