

ROTARY DISTRICT 7690

Sweet Dreams Initiative

Grant Application & Final Report

Our Shared Goal

An estimated 17,000 children in our district do not have a bed of their own. Through the Sweet Dreams Initiative, Rotary District 7690 is working—together—to change that. **Every project, every bed, every effort matters.**

SECTION A: PROJECT SELECTION (REQUIRED)

Please select how your club will participate:

☐

Option 1: Club-Led Project (Local Impact)

Our club will plan and carry out our own project to provide beds or bedding within our community.

☐

Option 2: District-Led Project (Collective Impact)

Our club will contribute funds to participate in a centralized district project.

Important: Clubs selecting the district-led option will not control where beds are distributed. If your goal is to directly impact your local community, please select the club-led project option.

SECTION B: APPLICATION

1. Project Description

Required for Club-Led Projects. If selecting District-Led, write "District Project Participation." Describe who you will serve, what you will provide, and how the project will be carried out.
